

“Building a culture of success through Individualised education, care and opportunity by Growing lifelong learners”.

22nd October, 2021

Dear Stakeholder,

The Denbigh Alliance Multi Academy Trust has been selected, amongst stiff local and national competition, to run a new primary school. This will be the third primary school to be opened in the Western Expansion Area of Milton Keynes and will support projected demand for local school places.

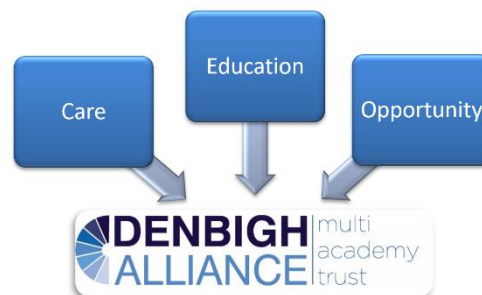

Open from September 2023, the school will start small and eventually cater for up to 630 students with the strong Trust ethos of Care Education and Opportunity. As a Trust which is dedicated to the communities, families and young people of Milton Keynes (MK), the development will include sports facilities with some out of hours community access, plus provision for a 39-place full time equivalent pre-school.

Our new primary school will be one of the primary schools in the area that is a feeder school for Watling Academy, the Denbigh Alliance’s newly built secondary school in Barossa Way on the Whitehouse development. Watling Academy has a strong STEM (Science Technology, Engineering and Maths) focus and the new primary school will align closely with this whilst also having a forest school element to the curriculum.

The suggested name of the new school is Watling Primary School. We would like to work with the local community, so if you would like to offer any thoughts or feedback on the proposed name of the school, have other advice for us or would like to offer any assistance with the project, please email me at ceo@thedenbighalliance.org.uk by 3:00pm on Friday 5th November, 2021.

Yours faithfully,

Andy Squires
CEO
